

West Bonner County School District No.83

INSTRUCTION

2335

Digital Citizenship and Safety Education

The Superintendent will ensure that District students are educated on network etiquette and appropriate online behavior, including cyber-bullying awareness, digital citizenship, and online safety. Instruction will be given to students as appropriate to the educational and developmental needs of students.

Teachers, administrators and other staff members responsible for supervising students' internet use will

1. Monitor student online activities.
2. Instruct students in proper network etiquette.
3. Instruct students in discerning among online information sources and appropriate materials.
4. Prevent bullying and cyber-bullying in accordance with the District's bullying policy.
5. Instruct students on appropriate interaction in social networking websites and chat rooms.

The Internet Safety Coordinator or their designee will also make resources available to parents/guardians on teaching students about acceptable internet use, appropriate online behavior, network etiquette, cyber-bullying awareness and response, and appropriate use of social networking websites and chat rooms.
