Parental Rights

The Board of Trustees encourages parents/guardians to be involved in their student's school activities and academic progress.

The Board of Trustees is mandated to adhere to laws, rules, and regulations including the Constitution of the State of Idaho, the rules of the Idaho State Board of Education (Idaho Administrative Procedures Act), the rules and regulations of the Idaho State Department of Education, the laws, rules and regulations of the federal government and the U.S. Department of Education as well as educational provisions outlined in the Idaho Code. These mandates include the requirement stated at Article IX, Section 1 of the Idaho Constitution that it is “. . . the duty of the Legislature of Idaho to maintain a general, uniform and thorough system of public, free common schools.”

Based upon the above provisions as well as the State's mandated requirements for advancement and graduation, the District has established its practices, policies, and procedures as well as the approved curriculum and assessment program. The failure to follow the District's practices, policies, and procedures as well as the school's curriculum and assessment program amounts to the District's violation of state and/or federal laws, rules, and regulations, including but not limited to the failure to provide a general, thorough, free and uniform system of public education as well as putting the District's operations and funding in jeopardy.

Parents, guardians, and students are expected to abide by the District's practices, policies, and procedures governing the operation of the schools which are required by various state and/or federal laws, rules, and regulations. However, a student's parent/guardian has the right to reasonable academic accommodation if the accommodation does not substantially impact District staff and resources, including employee working conditions, safety and supervision on school premises for school activities and the efficient allocation of expenditures. The District will strive to balance the rights of parents/guardians, the educational needs of other students, the academic and behavioral impacts to a classroom, a teacher's workload and the assurance of the safe and efficient operations of the school.

If a parent has an objection to the District's implementation of various mandates through the District's practices, policies and procedures, or if a parent/guardian would like to request reasonable academic accommodation the appropriate avenue for the parent is to first seek to address such concerns through communication with the school's administration. Should that avenue not resolve the situation, a parent is free to address such concerns with the Board of Trustees in conformance with Board policy regarding public participation at Board meetings.
